

NB: subgroups with a n-size less than 50 (<50) are not shown on these cross-tabs. We choose not to display N<50 subgroups because the sample is too small to have statistical significance. We did, however, take samples of these subgroups for representational and weighting purposes to accurately reflect the electorate makeup.

Please select your gender.

Recently, Kentucky expanded its Medicaid program to give health care coverage to more people. This increased the number of people getting insurance from Medicaid by 400,000 people. To pay for the expansion, the state pays 10% of the cost and the federal government pays the rest. Do you support or oppose the state's decision to expand its Medicaid program?
